Education

2021-2025

- **Software Engineering- GPA 3.57**
Manisa Celal Bayar University

2022-2026

- **Business**
İstanbul University

Certificates

- Andasis Elektronik hackathon 3rd place
- GLOBAL AI HUB | Deep Learning, Machine Learning
- Kodluyoruz | Back-End Web Development , Data Science
- BTK AKADEMİ | Basic Network Technologies, Api and Api Testing, Programming with Java , Penetration Testing , Software Design Patterns , Secure Software Development , Version Controls: Git and GitHub, Artificial Intelligence Algorithms, Operating Systems
- TOPTALENT.CO | Microsoft Excel – Advanced
- ODTU | Artificial Intelligence
- TURKCELL | Java, Html, Cyber Security, Arduino

Language

- English-C1
- German-A2

Reference

- Alp Özal/Electrical Interface/TUSAŞ
0 532 134 23 10
- Mehmet Ali Yörüker/Service Engineer/Siemens Gamesa - 0 532 656 69 20
- Burak Madran/Computer Engineer/Batısöke
0 551 208 48 09
- Serkan Saban/Computer Engineer/SOKTAS
0 507 643 05 60
- Özay Kestem-Computer Engineer /BATICIM
0 533 727 34 24

BEYZA YOLDAŞ

SOFTWARE ENGINEERING STUDENT

I am a Software Engineering student committed to continuous self-improvement. I actively participate in projects, internships, and technical workshops to stay updated with new technologies. I prioritize learning the latest methodologies and tools in software development processes. I am dedicated to cultivating myself as a researcher by reading scientific articles, following technology trends, and staying updated on the latest developments in the field. I also participate in mentorship programs to learn from experienced professionals and share this knowledge in my projects and classroom activities. In the future, I aspire to take a leading role in software engineering and contribute innovative solutions that add value to the industry.

Experience

SÖKTAŞ

07/2024-09/2024

Software Engineering Intern

Developed and implemented a Ticket Support System for factory operations, featuring a user-friendly interface, email notifications, and comprehensive documentation. Collaborated with IT and management to meet operational needs and ensure system reliability through thorough testing.

BATI ANADOLU GRUBU/BatıÇim

06/2024-06/2024

Software Engineering Intern

Worked with AS400 Oracle ERP systems. Utilized Google Maps for coordinates. Participated in web design and updates for BatıÇim. Used Mikado for time tracking. Implemented QR code and NFC technology in business cards. Gained experience with Trowas CMS and digital cards. Used Arvento for vehicle tracking. Managed online operations for customer and supplier portals. Assisted in ISO 27001 audits and information security. Familiarity with Oracle Forms Developer, Oracle Reports, and Apex. Used Dataload for process automation. Coordinated with Oracle support and managed registered emails. Monitored systems with Active Directory. Connected to servers using MobaXterm.

SCA SOCIAL

04/2024-06-2024

Project Management Intern

Basic management and organization, basic advertising and marketing, basic project management, basic new media and digital transformation

YETKİN GENÇLER

02/2024-06/2024

Trainee

Effective Presentation Techniques, Teamwork, Career Planning, Modelling with Excel, Information / Media / Finance / Health Literacy, Social Innovation, and GirişGen (Ideathon) process have been organized.

Kodluyoruz&Microsoft Program

11/2023-12/2023

Trainee

Python, R and SQL and put them into practice. I learned about basic statistics and machine learning applications.

Kodluyoruz&Microsoft Program

10/2023-11/2023

Trainee

ASP.NET Core, C#, database management, API development and creating web applications.

BATI ANADOLU GRUBU/BatıSöke

07/2023-08/2023

System Engineering Intern

I took part in the daily Veeam Backup backup of Oracle and system servers. I took part in the network mapping and structure, the software operating logic of the scales, the switch-VPN-IP operating logic, and the installation of the NAS common area. I checked the automation software in the field.

YAZILIMAORG

09/2022-03/2023

Junior Game Developer

Unity , C#, 2D and 3D game design, game mechanics and programming.
